State of Aev Hampshire Supreme Court

APPEAL OF THE LOCAL GOVERNMENT CENTER, INC, &a.

N.H. Sup.Ct. No. 2012-0729

PETITION TO INTERVENE and PETITION TO ADD QUESTIONS FOR REVIEW

OW COMES the Towns of Durham, Northfield, Peterborough, and Salem, by and through their attorney, Joshua L. Gordon, and collectively request both leave to intervene and the addition of two questions for review.

- 1. The Bureau of Securities Regulation (BSR) found wrongdoing in the management of the Local Government Center's (LGC) risk pools. It ordered millions of dollars held by the Local Government Center to be returned to current members of the pools.
- 2. The BSR, however, did not distinguish among members. Some joined the risk pools early or late, some left early or late, and some joined, left, and later rejoined. By ordering the money returned to current members, it created windfalls for some, but inadequate recompense for others. That is, some members will receive an arbitrarily larger share than their contribution, and some an arbitrarily smaller share.
- 3. To fix this, the four towns hereby petition this Court to allow them to intervene, and to address in this proceeding the hearings officer's failure to fashion a remedy that will allow refunds in proportion to members' contributions. Due to the dates they joined and left, these four Durham, Northfield, Peterborough, and Salem believe they represent all members whose share of the refund will be inadequate compared to the share of the money they contributed.

As grounds it is stated:

I. The Problem – Remedy Not in Proportion to Members' Contributions

- 4. The Intervenors have all been members of the LGC's Health Trust or Property Liability Trust.
- 5. On August 16, 2012, the hearings officer found LGC had engaged in actions or inactions that resulted in multiple violations of RSA 5-B, starting in 2003 and continuing through 2010. ORDER (Aug. 16, 2012), *Petition for Appeal* at 123. The illegalities included a failure to distribute to members on an annual basis excess earnings and surpluses, improper transfers of monies from the Health Care Trust and Property Liability Trust to the Workers Compensation Trust, and a transfer of the Health Care Trust's and Property Liability Trust's respective interests in real estate to the Local Government Center Real Estate Inc. without consideration.
- 6. The Order found that but for these irregularities, there would have been additional excess earnings and surpluses available for return to LCG members on an annual basis.
 - 7. Consequently the Order set forth remedies:
 - It ordered the return of \$33.2 million by the LGC to its members of the Health Trust program "in proportion to each member's contributions to that standing amount of earnings and surplus." ORDER ¶ 6 at 75. The Order provided that the BSR and the LGC "shall confer and within 30 days ... shall submit ... an agreed upon plan for the return" of the \$33.2 million "to members who participated in the Local Government Center's Health Trust risk pool management program at any time after June 14, 2010." But "[f]ailing the submission of [an] agreement" the LGC Health Trust "shall return" the \$33.2 million "to members that participate in the ... Health Trust risk pool management program on the date of this order ... in proportion to the premiums paid by said members." ORDER ¶ 8 at 75-76 (emphasis added).
 - It ordered the return of \$3.1 million to members of the LGC Property and Liability risk pool management program, under the same operative dates and terms as the Health Trust. ORDER ¶ 11 at 77-78.
 - It ordered the return of \$17.1 million from the LGC Property Liability Trust to the LGC Health Trust risk pool management program, reflecting an illegal subsidy of the

Workers Compensation Trust. ORDER ¶ 13 at 78. It ordered this refund "shall be returned to members consistent with RSA 5-B:5,I, c." ORDER ¶ 14 at 79.

- It ordered re-conveyance by the Local Government Center Real Estate, Inc. to the Health Trust and the Property Liability Trust, in the same percentage share of their former ownership, of certain real estate that had been conveyed without consideration to the LGC Real Estate, Inc.
- 8. The parties did not reach an agreement. Thus the LGC proposes to issue refunds to those who were members of its Health and Property Liability Trusts as of August 16, 2012. So structured, the refunds would not meet the standard articulated in the Order because they are not "in proportion to each member's contributions." ORDER ¶ 6 at 75. They also do not meet the terms of the statute. RSA 5-B:4-a, VII (b) (BSR has authority to make "order of rescission, restitution, or disgorgement").
- 9. Durham, Peterborough, Salem and many other political subdivisions would have been able to recoup a refund had its operative date been June 14, 2010 the date set by the Order if the BSR and LGC reached an agreement. *See attached*, AFFIDAVIT OF TODD SELIG (Jan. 14, 2013) (Durham); AFFIDAVIT OF PAMELA BRENNER (Jan. 14, 2013) (Peterborough); AFFIDAVIT OF KEITH HICKEY (Jan. 14, 2013) (Salem).
- 10. Northfield and many other political subdivisions who left the LGC prior to June 14, 2010 would have been able to recoup a refund had the remedy required a re-calculation of surplus on an annual basis, with the surplus distributed annually, based on annual membership rolls and the premiums paid by members and former members each year. *See attached*, AFFIDAVIT OF GLENN SMITH (Jan. 15, 2013) (Northfield).
- 11. Documents acquired from the LGC reveal that in any given year, the membership of the trusts changed. *See attached*, HISTORICAL PARTICIPATION REPORT MEDICAL (Nov. 30, 2012); HISTORICAL PARTICIPATION REPORT PLT (Nov. 30, 2012). Awarding refunds arbitrarily based

on the date of the Order date does not accurately assess the amounts various members contributed to the trusts during the time surpluses accrued. As the attached affidavits attest, employees paid significant portions of the health care premiums, and presumably will receive from their political subdivision employer a corresponding portion of health care surplus refunds.

- 12. Accordingly, the interveners seek to add two issues for review by this Court:
- Whether the hearings officer erred in failing to fashion a remedy that will allow that refunds be in proportion to each member's and former member's contributions to the unlawfully retained surplus.
- Whether this Court should exercise its equitable powers to fashion a remedy whereby the calculation and refund of any surplus shall be in proportion to each member's or former member's annual contribution to the surplus, or such other equitable remedy as the Court shall see fit to adopt.

II. Supreme Court is the First Opportunity for Interveners to Raise Claims Regarding Apportionment of Reclaimed Funds

- 13. Neither towns, other members of the various risk pools, nor individual beneficiaries, participated in the proceedings below. ORDER at 2 fn. 1.
- 14. As noted by the hearings officer, the BSR is an executive-branch regulatory and adjudicative body of limited jurisdiction and authority, as conferred by statute, ORDER at 4-5; RSA 5-B:4-a, and may impose only enumerated remedies. RSA 5-B:4-a, I; RSA 5-B:4-a, VII. This Court, however, constitutes the judicial branch of government, and has general equity jurisdiction. N.H. CONST. pt. II, art. 72-a ("The judicial power of the state shall be vested in the supreme court ..."); RSA 490:4 ("The supreme court shall have general superintendence of all courts of inferior jurisdiction to prevent and correct errors and abuses."). The statutory concern of the BSR is the regulation of those within its purview, and reclamation when it finds illegality. The BSR is understandably unconcerned with the precise apportionment of reclamation funds.
- 15. Because this case did not arise in, for instance, the Superior Court that shares equitable jurisdiction, this forum is the aggrieved towns' first opportunity to raise the issue of proper apportionment. Accordingly, not having previously raised the issue is not be a bar to intervention.

III. Towns' Interests in Equitable Apportionment is Not Otherwise Represented

16. To intervene, a party must have a "direct and apparent interest in the subject matter of the litigation." *Town of Nottingham v. Bonser*, 146 N.H. 418, 424 (2001). An adequate interest exists when it would "be sacrificed, were the court to deny the privilege." *Clipper Affiliates, Inc. v. Checovich*, 138 N.H. 271, 277 (1994). A party may intervene when no other party is available to present its interests. *Cf. State v. City of Dover*, 153 N.H. 181 (2006) (intervention disallowed when other party adequate represented interests); *State of N.J. v. State of N.Y.*, 345 U.S. 369 (1953) (same). When an intervener has limited interests, its participation in a proceeding may be limited to the extent of those interests. *See e.g., Appeal of Sullivan County Nursing Home*, 133 N.H. 389, 394 (1990).

- 17. Here the interveners seek to address the hearings officer's failure to fashion a remedy that will allow refunds in proportion to members' contributions, and plans no comment on the issues raised by the appellant. Their position is, rather, if the LGC acted unlawfully, and if the BSR is successful in reclaiming funds, that the funds be equitably apportioned. Their interest is in a proportional refund, which will otherwise be sacrificed because it is not represented by any other party.
- 18. Lesser participation, such as an *amicus curiae*, is not adequate because the towns here seek substantive relief. Gressman, Geller, Shapiro, SUPREME COURT PRACTICE Ch. 13.14 at 738 (9th ed. 2007) ("The amicus is not entitled to present additional questions for review.") (citing *United Parcel Serv. v. Mitchell*, 451 U.S. 56, 60 n.2 (1981)).
- 19. Finally, the interveners are aware they stand in for other members of the various LGC trusts who are similarly situated, and that the ultimate beneficiaries of the reclamation properly apportioned are employees and taxpayers of many political subdivisions. Thus intervention serves the public interest. *Appeal of Seacoast Anti-Pollution League*, 125 N.H. 708, 732 (1984) (*King*, C.J., and *Batchelder*, J., dissenting). ("The public does not benefit from such a judicial limitation of the intervenors' right to challenge by appeal the validity of [an administrative agency] order.").

IV. Procedural Matters

20. Because the interveners are raising issues unrepresented by any party, they request an opportunity to present oral argument.

21. Finally, in the event this court allows intervention, a question arises regarding at what point in the appellate process the intervening towns should file their brief. Generally this Court orders third parties to file briefs at the same time as parties with whom they share interests. See e.g., SUP.CT. R. 30(1). Here the intervening towns do not intend comment on the positions of the parties. They therefore respectfully request that if intervention is granted, this Court allow an opportunity for the parties to discuss the matter, and if necessary, to express their positions in pleadings.

HEREFORE, the Towns of Durham, Northfield, Peterborough, and Salem respectfully request this honorable Court to allow their participation as interveners, and add two questions for review as noted in paragraph 12, *supra*.

Respectfully submitted for the Towns of Durham, Northfield Peterborough, and Salem, by their attorney,

AFFIDAVIT OF TODD SELIG

- I, Todd Selig, having been duly sworn, do hereby depose and say:
- 1. I am employed by the Town of Durham as its Town Administrator. I have been employed in this position for 12 years, and I have worked in NH in the fields of municipal finance and administration for over 19 years.
- 2. The Local Government Center, Inc., in response to a RSA 91-A request propounded by Durham and 13 other municipalities, supplied the attached spreadsheets identified as Brenner Exhibit 1 and 2 (copies attached). Exhibit 1 identifies the members of the Health Care Trust from January 1, 2003 to June 30, 2012 and Exhibit 2 identifies the members of the Property Liability Trust from July 1, 1986 to June 30, 2012. These exhibits set forth when each member joined the Trust and the dates that members discontinued Trust membership (and in some instances, dates of rejoining and discontinuing Trust membership a second time).
- 3. Exhibit 1 and 2 illustrate that the Health Care and Property Liability Trust membership rolls have varied from year to year as new members joined and existing members left the Trusts.
- 4. As Exhibit 1 and 2 illustrate, many members of these Trusts contributed to the creation of the surplus that the hearings officer has ordered the LGC to return, but because these Trust members discontinued their Trust memberships prior to August 16, 2012, none of them are eligible to participate in the surplus distribution ordered by the hearings officer.
- 5. For a number of former Trust members, including Durham, it was the failure of BSR and the LGC to submit an agreed upon plan for the return of surplus within 30 days of the Order that has the effect of disqualifying members who participated in the Health Care Trust after June 19, 2010 and before August 16, 2012. See Order at pg. 75-76, paragraph 8. Durham was a Health Care Trust member until June 30, 2012. It strikes me that it was inexplicable and arbitrary that Durham's eligibility to participate in the Health Care Trust surplus distribution would turn on whether the BSR and LGC agreed on a plan to distribute the surplus.
- 6. Durham, on behalf of its police and non-union employees (approximately 35 employees, 25 of whom took health insurance and 33 of whom took separate dental insurance), was a member of the Health Care Trust from January 1, 2003 to June 30, 2012. Per the terms of the hearings officer's August 16, 2012 order, Durham is ineligible to participate in the distribution of the surplus. This is a surplus that Durham would have been eligible to receive but for the LGC's failure to distribute surplus annually during the time period that Durham was a member of these Trusts, and but for the failure of the LGC and BSR to submit an agreed upon plan for surplus distribution.

- 7. From 2003 to June, 2012, these Durham employees paid approximately 10% of the health care insurance coverage premiums that Durham paid on an annual basis to the Health Care Trust. Durham would refund to employees their pro-rata share of any Health Care surplus that may be distributed to the Town of Durham, consistent with the amount of employee health care coverage premiums that employees paid on an annual basis for the years covered by any surplus distribution.
- 8. Were the Court to order a distribution of surplus based upon an a re-calculation of the surplus on an annual basis, with the surplus to be distributed annually, based upon the annual membership rolls and the premiums paid by members in each year, I estimate that Durham's medical surplus share of the \$33,200,000.00 is approximately \$50,000.00. I believe such surplus would have been distributed annually but for the failure of the LGC to follow the law; therefore, distribution should be calculated on an annual basis.
- 9. It is my opinion, from speaking with Durham's information technology specialist, and having reviewed the spreadsheet data set forth in Exhibit 1 and 2, and having an understanding of other information that is maintained by the LGC and members and former members concerning premium payments, that it would not be difficult for the LGC to calculate a distribution of surplus to members and former members on an annual basis from 2003-2012 "in proportion to each member's contributions to that standing amount of earning and surplus." Order at pg. 75, paragraph 6.

See Order at pg. 75-76, paragraph 8. Northfield was a Property Liability Trust member from September 1, 1993 until June 30, 2011. It strikes me that it was inexplicable and arbitrary that Northfield's eligibility to participate in the Property Liability Trust surplus distribution would turn on whether the BSR and LGC agreed on a plan to distribute the surplus.
- 6. Northfield was a member of the Health Care Trust from January 1, 2003 to January 31, 2010. Per the terms of the hearings officer's August 16, 2012 order, Northfield is ineligible to participate in the distribution of the surplus. This is a surplus that Northfield would have been eligible to receive but for the LGC's failure to distribute surplus annually during the time period that Northfield was a member of the Trust.
- 7. From 2005 to June, 2012, Northfield employees paid approximately 10% of the health care insurance coverage premiums that Northfield paid on an annual basis to the

Health Care Trust. Northfield would refund to employees their pro-rata share of any Health Care surplus that may be distributed to the Town of Northfield, consistent with the amount of employee health care coverage premiums that employees paid on an annual basis for the years covered by any surplus distribution.

- 8. Were the Court to order a distribution of surplus based upon an a re-calculation of the surplus on an annual basis, with the surplus to be distributed annually, based upon the annual membership rolls and the premiums paid by members in each year, I estimate that Northfield's medical surplus share of the \$33,200,000.00 is approximately \$15,000. I believe such surplus would have been distributed annually but for the failure of the LGC to follow the law; therefore, distribution should be calculated on an annual basis.
- 9. It is my opinion that it would not be difficult for the LGC to calculate a distribution of surplus to members and former members of the LGC Trusts on an annual basis from 2003-2012 "in proportion to each member's and former member's contributions to that standing amount of earning and surplus."
